Where Goodness Begins

COW GHEE

Of course, it is your family's right to get the best in food and drink only. That is why we at Prabhat make excellent ghee that gives you the right amount of nutritional value. In the process of making ghee, not only the milk, but the cream also gets pasteurised, so that unwanted bacteria do not flourish and the cream becomes better. We make butter with cream, and then ghee from it. And not only this, we pass the ghee obtained through a double filtration system that gives excellent quality in every granule. This is how we get bright yellow, granulated, fine aromatic and delicious ghee. This is why mothers prefer Prabhat Ghee.
