MEET THE WORLD'S LARGEST DAIRY ORGANISATION.

The origin of Groupe Lactalis dates back to 1933. It all began in October in Laval, France when André Besnier set out to establish a humble one-man organization that focused on the domestic procurement of milk to produce cheese.

Over the years, the company has grown manifold and become the foremost name in milk and dairy products across the globe. Headquartered in France, Groupe Lactalis is the parent company of Sorrento Lactalis, Lactalis USA, and Mozzarella Fresca.

The company owns some of the world's most popular cheese, butter, and milk brands like Président, Sorrento, Precious, Rondele, and Galbani. Today, the group employs 85,500 people and owns more than 270 production sites

across 51 countries, with a turnover of over 28 billion euros.

In India, the company is gradually spreading its presence with the acquisition of well-established dairy brands like Tirumala Milk Products in the south, Anik Milk Products in the north, and Sunfresh Agro (Prabhat) in the west.

Lactalis India has also introduced its international brands like Président & Lactel. Under Président, butter and cheese are available. With Lactel, the company offers a range of yogurts.

Wherever it has a presence, the group is known for its passion for quality, nutrition and taste.

SOURCE OF PURITY.

Tirumala Milk Products Private Limited was established in 1996 in South India. The Company has a robust market spanning across Tamil Nadu, Karnataka, Andhra Pradesh, Telangana, Kerala, Madhya Pradesh, Rajasthan, Uttar Pradesh and West Bengal. A rapidly

growing organisation, Tirumala was acquired by Groupe Lactalis in 2014, striking one of best partnerships between tradition and International expertise. The dairy major offers a wide product portfolio across milk, curd, ghee, paneer, ice cream and other value-added dairy products.

FRESH MILK AND POUCH CURD.

Tirumala offers a fine range of milk and curd pouches to suit varying needs. Popular across South India, its milk is produced and packed under stringent quality supervision. Meticulous procurement procedures are followed to ensure hygiene and

keeping-quality. Further to this, Thirumala Curd is made from high-quality milk following the best practices. This ensures that it is thick, tasty and rich in protein and calcium.

PARTNERING WITH THE BEST, TO GIVE YOU THE BEST.

In 2016, Lactalis acquired Anik, where it opened up enormous opportunities in the biggest and most challenging dairy market in the world to position it as the most preferred brand in India. The traditional and cultural experience of Anik and international expertise of Lactalis provided a unique combination, leading to a success story to be talked about by generations to come.

COW GHEE

Experience the excellence of Prabhat Ghee, a premium product that offers the perfect balance of nutritional value and delightful taste. Our meticulous ghee-making process includes pasteurizing not only the milk but also the cream, ensuring that unwanted bacteria are kept at bay and enhancing the cream's quality. From this cream, we create butter and, finally, craft the finest ghee.

To ensure unmatched quality, our ghee undergoes a double filtration system, resulting in bright yellow, granulated, aromatic, and delicious ghee that delights the senses in every granule. No wonder Prabhat Ghee is the preferred choice of mothers who seek the best for their families. Trust Prabhat Ghee to add that special touch of richness to your culinary delights, making every meal a moment to cherish.
